

COP29 VIRTUAL OCEAN PAVILION EXHIBITS

African Union Development Agency (AUDA-NEPAD)

Description

The African Union Development Agency (AUDA-NEPAD) was designated in 2018 as the primary development agency of the African Union, with a strong mandate to fast-track the realization of Africa's development aspirations.

To do this, the Agency is mandated to coordinate and execute priority regional and continental projects to promote regional integration; to strengthen capacity of African Union Member States and regional bodies; to advance knowledge-based advisory support; to undertake the full range of resource mobilization; and to serve as the continent's technical interface with all Africa's development stakeholders and development partners.

The AUDA-NEPAD is supporting African countries and regional bodies to articulate their blue economy and climate change response strategies and to implement impact-driven initiatives.
